EDUCATION

Oct 2019 – Mar 2025	TU-Berlin	Business Informatics (B.Sc)
Oct 2021 – Nov 2022	Universty of crete	“Erasmus” Business Informatics (B.Sc)
Oct 2011 – Nov 2015	Tishren University	Architecture (B.Sc)
Sep 2007 – Jun 2011	Harfoush School	High School

WORK EXPERIENCE

Apr 2024– Mar 2025 Berlin, Germany	Student Job – IT Support & Web Development Die 3 Zahnärzte clinic • Provided IT support and managed Servers maintenance. • Developed a responsive website using JavaScript, React, and TailwindCSS.
Oct 2023– Mar 2024 Berlin, Germany	Internship – Intelligent Software Systems TU-Berlin • Completed an internship focused on developing a mobile app that helps students navigate university points of interest and activities through an interactive map. Utilized Java, Spring Boot, Flutter, and postgresSQL to ensure a user-friendly and efficient campus experience. • Contributed to the app's backend and frontend development and DevOps operations, enhancing functionality and user engagement by integrating real-time suggestions for campus activities and optimal routes.

RECENT PROGRAMING PROJECTS

Oct 2025– Present Berlin, Germany	AI-Powered Chat-bot • Developing a Full-stack AI- powered chat-bot using React and Express and incorporating modern tools like Bun and TailwindCSS. • Integrated LLMs into the code where closed source or open source Models that can be run locally could be used depending on the use-case. • Technologies: TypeScript, TailwindCSS, React, Bun, shadcn.
Oct 2024– Mar 2025 Berlin, Germany	Murus Galicus AI & GA optimization • Developed an engine for the board game "Murus Galicus" as part of my bachelor thesis, featuring an interactive GUI and a competitive AI bot. • Implemented Genetic Algorithms (GA) for optimizing the AI's decision-making process, enhancing its ability to adapt strategies dynamically. • Technologies: JAVA, GUI, Genetic Algorithms, AI Algorithms.

KEY SKILLS

Programming Languages:	Java	Python	SQL	JavaScript	Flutter	HTML	CSS	R	Scala	TypeScript	Haskell
Tools & Technologies:	Spring Boot	Docker	Git	LLMs	React	Maven	GUI	REST APIs	IntelliJ	VS Code	
Methods & Techniques:	OOP	Agile	DevOps	Fullstack	Backend	Frontend	Data Structures	AI Algorithms			
Soft Skills:	Problem Solving	Teamwork	Adaptability	Attention to Detail	Creativity	Fast learning					

ACHIEVEMENTS

- [Codewars](#): 4 kyu (Top 8%)

LANGUAGES

- German C2
- English C2
- Arabic C2
- French A1
